Information Afternoon
We will have an information afternoon in the coming weeks. Staff will explain their routines and expectations for the year with you and you will have the opportunity to ask questions.

New Website
Towards the end of last year our computer network system was upgraded by the Department of Education and Communities and to support this upgrade we are moving over to the Department’s preferred website design. This change will occur as of next week. I’d like to thank Mr Gilmour-Walsh for all his efforts in design and uploading the school information. Please watch out for the new website which will go live next week.

Active After School Sport
We have been successful in our application for AASS funding for this year. Students in years 3-6 are invited to attend. Students must be prepared to commit to attend each session. Thankyou to  Mr Gilmore-Walsh and Miss Cunningham for giving up your time for the students. A permission note and information note is attached.
